LIMPEZA | CLEANING | NETTOYAGE

Uma limpeza regular é fundamental para preservar a aparência dos tecidos e prolongar a sua vida útil.

Limpeza normal: aspirar regularmente com força média, de preferência semanalmente. Para remover manchas não gordurosas limpar com um pano sem pêlos ou uma esponja humedecidos com água morna.

Atenção: não esfregar fortemente os tecidos para evitar a perda de cores.

Regular cleaning is important in order to keep the upholstery looking its best and to prolong its life.

Normal cleaning: vacuum frequently on medium power, ideally every week. Remove non-greasy stains by carefully dabbing with a lint-free cloth or sponge wrung out in clean warm water.

Be careful: do not rub the material too hard because this could result in loss of colour.

Un nettoyage régulier et important si l'on souhaite préserver l'apparence du tissu d'ameublement et allonger sa durée de vie.

Nettoyage ordinaire: nettoyer régulièrement à l'aspirateur (éventuellement à puissance réduite), de préférence une fois par semaine. Pour enlever une tache non grasse, tremper dans de l'eau chaude un chiffon propre non pelucheux, ou une éponge, essorer et frotter doucement.

Attention: ne pas frotter trop fort le tissu, cela pourrait occasionner un blanchiment.
