Para uma manutenção eficaz, limpar regularmente com um pano humedecido com um sabão neutro. Enxaguar sempre com água limpa. Todos os detergentes solventes, lixívia, anti-nódos disponíveis no mercado que não fizerem parte da NF para Revestimentos são de evitar. Limpar imediatamente algumas nódoas, como por exemplo as de tinta, café, vinho, eosina ou jeans, a fim de evitar a penetração na massa do tecido e permanecerem definitivas.

Atenção: não poderemos ser responsabilizados por problemas de migração ligados à má qualidade das tinturas. Estaremos isentos de qualquer responsabilidade por problemas originados pelo incumprimento das instruções de lavagem, utilização e manutenção.

Pour un entretien efficace, nettoyer régulièrement avec un savon au pH neutre et une brosse douce. Dans tous les cas rincer à l'eau claire. Tous détergents, solvants, détachants du commerce ne figurant pas dans la NF collectivité ainsi que tous les produits non conseillés par nos soins sont à proscrire. Nettoyer immédiatement les tâches telles que le stylo, café, vin, éosine ou encore jeans afin d'éviter une migration définitive dans la masse du tissu enduit.

Attention: nous ne pouvons être tenus responsables des problèmes de migrations liés à une teinture de mauvaise qualité. Nous dégageons toute responsabilité quant aux problèmes encourus liés au non respect des consignes d'entretien.

Clean regularly with a pH neutral soap and a soft brush. Always rinse with clear water. Do not use strong detergents, solvent cleaners, polish, wax, potent chemicals or other products not recommended by NF. Some stains like ball pen, coffee, wine, eosin and also jeans, should be cleaned immediately to avoid any permanent absorption into the vinyl.

Be careful: we cannot be held responsible for transfer problems generated by dyes of poor quality. We waive all responsibility for problems arise out of ignoring the cleaning instructions.
